KNIGHTS OF STEMALOT
SNEAK PEEK

There's a crisis in Stemalot! For centuries, Stemalot Knight School has turned out the finest in educated knights, champions of learning. Sydney Stemshire is just such a knight – newly graduated and ready for assignment. She gets more than she bargains for when her professor, Merlin Monroe tasks her with confronting Sour Ron – a vicious (and disgruntled) former student of the Knight School. His failings in the arts of science, technology, engineering and math have turned to bitterness and hate. He is determined to bring the Knight School down. Along with her trusty sidekick, Theodore, Sydney must travel through the industrial villages of Stemalot, collecting six special tools along the way. She'll need them – and all her courage -- when she faces the ultimate Stemalot villain…

Sydney Stemshire: The Heroine
A newly graduated student of the Stemalot Knight School

Merlin Monroe: The Narrator
Sydney`s genius professor

Theodore: The Sidekick
A large and lovable bodyguard

Gort: The Sidekick`s Sidekick
A robot gnome that tags along for the journey

Sour Ron: The Villain
Merlin`s former student, bent on destroying the Knight School
